USER MANUAL

DT24 Pro Baby Monitor

DRAGON TOUCH®

CONTENTS

1. Strangulation Hazard - Children have strangled in cords.

   Keep this cord out of the reach of children (more than 3 feet (1m) away).

2. Never Place the Camera of Cord in or Near Crib or Playpen.

   Secure the cord at least three feet away from crib or playpen.

3. Caution - Only insert a battery pack, Never use the transmitter or receiver near water, including near a bathtub, sink, laundry tub, wet basement, etc.
4. Use only the AC adapters provided.

5. Adult assembly is required. Keep small parts away from children when assembling.

6. This product is not a toy. Do not allow children to play with it.

7. This product is not intended to replace proper adult supervision of children.

8. You must check your child's activity regularly, as this product will not alert parents to silent activities of a child.

9. Before using this product, read and follow all instructions and warnings contained in this booklet.

10. This product is intended for indoor use only.

11. This product is not intended for use as a medical monitor and its use should not replace adult supervision.

12. Test monitor before use and after changing camera location. Check reception regularly. Obstacles, such as concrete walls, may shorten the wireless signal transfer range.

13. Always unplug AC adapters from wall outlets and power sources during periods of non-use.

14. Do not touch the plug contacts with sharp or metal objects.

15. Do not allow water damage to the monitor unit, charging port, or charging cable which cause overheat of the charging components.

16. Do not use unofficial third party charging cables and adapters to charge the device. This may result in overheat of the charging port. Only use the charging cables and adapters provided in the box.
